Pohutukawa Scientists

Yesterday was an extravaganza of thinking and acting like scientists in Pohutukawa. The children were armed with their '*Wonderings*', microscopes, keen observations, sketching booklets, and spontaneous chatter about the mussels on their petri like dishes.

Kavya told me hairs on the mussel looked like '*Mr Twits*' whiskers'. Kavya was correct, Pohutukawa had just finished sharing that book.

Misha was sketching a detailed observation of the mussel; it showed the crustaceans growing on the shell.

Demetrius was fascinated with the smell, feel, and look of the mussel. He spontaneously recounted his thoughts and observations.

CQS welcomes Lucjan and Harrison to Harakeke.

Reminder LIBRARY NOTICE

All Book BBQ books are ready and on their way home! These books have been issued for an extended loan period and are due back by the 9th April.

This also means that now the library is back to being open at lunch times (except for Tuesdays).

Thank you.

In Pohutukawa we have been learning how to write instructions. Here are Melanie's written instructions for how to make a Mr Twit's Beard.

Title: How to make Mr Twit's Beard.

What you need:

- Scissors
- Glue
- Black wool
- Green paper
- Red paper
- White soft wool
- Packing noodles
- Cardboard beard
- Magazines
- Sardines

What to do:

1. First cut out the cardboard beard.
2. Next stick on the black wool for the spiky hair.
3. Then stick on the white wool for the noodles and worms.
4. After that stick the sardines on.
5. Then stick the red paper on for the tomato sauce and the green paper for the spinach.
6. Next stick on the packing noodles for the parmesan cheese.
7. After that stick on the food from the magazines, like milk.
8. Last try on the beard and scare your whole entire family...

Here are Malia's instructions...

What you need:

- green paper
- red paper
- glue stick
- black string
- white string
- paper fish
- magazines
- scissors
- cardboard beard

How to make it:

1. First cut out the beard.
2. Then stick the red and green paper on the beard.
3. Next stick the white and black yarn on the mask.
4. Then stick the packing noodles on the beard.
5. After that stick the paper fish on.
6. Lastly stick magazine pictures on the beard.
7. Scare someone!!! Ha ha Done!

Any questions please email michelle.wu@rocketmail.com

Rock Academy Choir

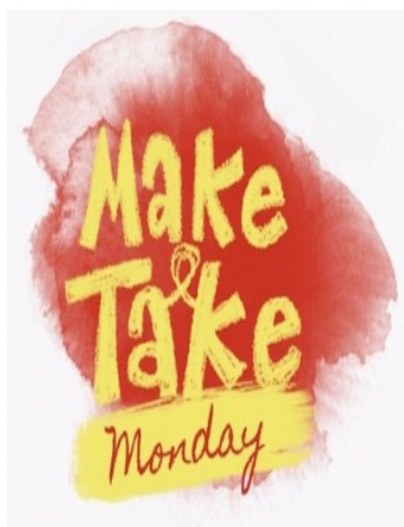

Every Monday 3.15-3.45pm in the hall

Here's a picture of the kids singing choir yesterday - practising Katy Perry's Roar. They were lucky enough to have Geoff join on the guitar yesterday (he will come every alternate week).

Some of you may recognise the chorus:

*I got the eye of the tiger, a fighter
Dancing through the fire
'Cause I am a champion, and you're gonna hear me roar
Louder, louder than a lion
'Cause I am a champion, and you're gonna hear me roar*

*Oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh
You're gonna hear me roar*

If you like making things, drawing and creating art ***Make & Take Monday*** will be starting on the 12th of April at 12.30pm in the hall.

All you need is a good attitude and to practise our school values when working together.

Before this date, we will need materials to repurpose eg. clean boxes (not too large), wool, string, tubes, paper, bubble wrap, foil, egg cartons, washers, springs, feathers, fabric, clear plastics etc.

Please deliver any materials to Hana at school.

APRIL TWO-WEEK HOLIDAY PROGRAMME – NORTHLAND KIDZ CLUB

We'll be going to kids theatre productions, attending a viola concert, playing mini golf at Carlucci Land, and making hot cross buns & naan bread. There'll be barbecued sausages for afternoon tea at Wilton/Otari Bush, lots of playing at Brooklyn Central Park (with its three parallel flying foxes) and a card-making session.

Of course we're going to Time Cinema again to see another selection of early cartoons & films, (stopping at Lyall Bay Beach beforehand to have morning tea). \$45 per child per day (third child onwards :\$20), 8.30 a.m to 6 p.m each day. For details, check out our website (www.nkc.org.nz) , or contact Jan on cell (022-140-2612), e-mail (nkc.jan@gmail.com).

Wellington College Year 13 Business Studies With the Young Enterprise Scheme

We are a year 13 Business group at Wellington College participating in the Young Enterprise Challenge which is partnered with the Lions Foundation. YES describes itself as *"an opportunity for students to unleash their inner entrepreneur ... and run a real business. Each YES company creates their own product or service and brings this to market"*. Alumni of the YES programme include:

Alexia Hilbertidou: CEO of Girlboss NZ

Brooke & Leighton Roberts: Co-Founders of Sharesies

Craig Smith: Ex-CEO and Co-Founder of Education Perfect

For our business, we have developed a new product for the market with the post-pandemic world in mind. It is a lightbulb that combines LEDs with ultraviolet bulbs (Far UVC). The LEDs can be used for conventional lighting, while the UV bulbs emit ultraviolet rays which can kill harmful bacteria and germs. LEDs are environmentally friendly and can help you save hundreds of dollars a year when compared with traditional lighting options. The lightbulb will use smart technology so that when you are not home, with a few clicks on your phone, you can turn on the UV feature which will begin killing bacteria. If any motion is detected, the UV feature will immediately turn off and revert to standard LEDs.

We plan on utilizing Far UVC technology for our product. Far UVC efficiently and safely eliminates viruses and has been proven to be safe for humans. Which would negate the health risks associated with other ultraviolet technologies.

To ensure our product is viable and to identify potential opportunities/flaws with our business, we need to engage in a process of validation, which involves communicating with members of our target market, home-owning parents, and understanding their concerns and desires for our product. To do this we need to hear from people in the community, by responding to our survey. If you were able to help out with spreading our survey to parents in your school's local community it would be a huge support to a local, student-run business
